

Spring 2015

Mission Statement

Our mission is prevention and finding the causes of breast cancer through community participation in the research process. We focus on identifying environmental factors and the role they play in the development of breast cancer at all stages of life and across generations.

Janice Barlow Retires

Janice Barlow has retired after 15 successful years as Executive Director of Zero Breast Cancer. Under her leadership, the organization has grown from being grassroots to having a regional and national influence and is a respected model for other communities interested in prevention and the elimination of breast cancer. Janice oversaw the transition of Marin Breast Cancer Watch to Zero Breast Cancer in 2006 and proactively championed the search for a successor almost a decade later. She was thanked and honored by the Board of Directors, her colleagues and the community at a packed 16th Annual *Honor Thy Healer Awards Program & Dinner* in Mill Valley CA on May 7, 2015.

Rose Barlow (no relation) was appointed the new Executive Director in March of 2015.
